

The Experts in Authorized VMware Training

We schedule and deliver more sessions of VMware Authorized courses across North America than any other VMware Authorized Training Partner. In fact, we deliver in over 35 classroom locations in the United States and Canada. Through our partnership with VMware, we also offer live online learning courses for your convenience.

Achieve the Highest Return on Your VMware Training Investment

VMware authorized instructors undergo a rigorous VMware preparation program and receive ongoing support from VMware. Additionally, VMware authorized courseware is regularly updated, ensuring the content is accurate and relevant.

Prepare for VMware Certification

The VMware Certified Professional Program is designed for individuals who want to demonstrate their expertise in virtual infrastructure and increase their potential for career advancement. The high standards expected of a VCP means it's one of the most sought after certifications in the industry. To become a VMware Certified Professional (VCP), you must attend an authorized VMware training course. Candidates who take the VCP exam without a class will not be certified or confirmed by VMware. All of our courses are authorized by VMware, so you are assured that they meet the educational requirements for VCP certification.

Take Accelerated Training

We offer the most robust training schedule for VMware vSphere: Fast Track [v4], a 5-day intensive, extended-hours course that combines the complete content of the VMware vSphere: Install, Configure, Manage [V4], VMware vSphere: Manage Availability [V4], and VMware vSphere: Manage Scalability [V4] courses with advanced tasks and skills for configuring a highly available and scalable virtual infrastructure. Upon completion, you can use the included voucher to take the VMware Certified Professional exam.

VMware Education Partner of the Year

"VMware's partners continue to be the bedrock of our business, and we are pleased to recognize the great work they have accomplished throughout the year.... We congratulate Global Knowledge, and we look forward to continuing our work together to help deliver virtualization solutions for customers building private cloud infrastructures."

Doug Smith, VMware Senior Director, Global Partner Sales, speaking at the VMware Partner Exchange 2010 awards ceremony

Enhance Your Skills and Your Salary
